3 of 4

- Families and couples welcome
- Pets welcome, your pet must be kept on a leash and not left unattended, you must clean up after your pet!! Also please have your pet professionally bathed and groomed prior to your vacation. (Special bathes are available for shedding dogs)
- **No smoking** in cottage.
- Cottage communities have become very inter-dependent. Everyone knows everyone else and keeps an eye on neighbors property for them. Don't be surprised if someone asks who you are. Your due consideration of the owners place in the community will be appreciated – **No loud parties or excessive noise please.**
- Fires must be dead out before retiring from the designated areas and not left unintended at anytime.
- **Maximum of 6** people staying at cottage as the septic system cannot support more for long periods of time
- Mini bikes, dirt bikes and ATVs are NOT permitted.
- Do not cut live trees, peel or drive nails into trees, this will kill the tree.
- **Never leave garbage** outside cottage and take garbage as often as possible to green / brown bin on Vickers Rd.
- Always leave the cottage in the same condition as it was upon your arrival. If cleaning exceeds one hour for the maintenance team an addition fee of \$55 will be charged.
- **You must bring all sheets and pillowcases** to fit all beds used. If linen and towels are requested, an additional fee is required.
- Use of owner's food supplies: Since the owner uses the cottage themselves, they may leave food supplies or staples at the cottage. You are welcome to use them, but we ask that you replace any supplies that become depleted during your stay,
- **WOODSTOVE:** If wood stove is used please read booklet; it is important to always have a hot fire and please use only specified wood on property to prevent creosote build up. Serious consequences can occur when using improper woods. Please clean after use. Wood is supplied at a small additional charge of \$25.
- Please use hydro sparingly, turn off base board heaters and lights after each use as hydro is paid at a premium in cottage country.
- **BARBECUE:** Barbecue grill should be clean / brushed after each use otherwise it may attract wildlife. (Most reasonable spot to fill propane tank is at Shell station in Ferndale should you use more than supplied by owner)

"This COTTAGE operates on a SEPTIC SYSTEM"

4 of 4

DO NOT PUT ANYTHING down the toilet other than natural waste and toilet paper (and be conservative with paper). Use one ply toilet tissue only. **NO** paper towel, Kleenex, tampons, pads, matches, hair, grease, strong chemicals, etc. These are guaranteed to back up the system. Also, it is easier on the system if you flush only when needed.

Electric power may be interrupted from time to time, and may stay off longer than it would in the city; we suggest bringing flashlights for emergencies. Also remember that the water system operates on an electric pump, **DO NOT RUN THE WATER WHEN THE ELECTRICITY IS OFF!** You may empty the water lines and hot water tank and run the risk of burning out the water tank and not get water again till the pump is primed.

Inside Cottage

Empty Fridge (and freezer) and wipe out

Clean microwave

Empty all garbage / **no garbage** is to be left in cottage
